The Crimes of Donald Trump, the Inaction of Congress, and Why No One Should Listen to a Word He Says

Donald Trump is a convicted felon, a serial liar, a proven adulterer, a president who waged unauthorized wars, a genocide accomplice, a documented Epstein associate, and a beneficiary of Israel. Behind him stands Congress – a cowardly, inactive, and corrupt rubber stamp.

I. Trump's Own Crimes and Lies (Ironclad Facts)

1. 34 Convicted Felonies

Fact	Source
On May 30, 2024, a New York jury unanimously convicted Trump of 34 felony counts of falsifying business records related to a $130,000 "hush money" payment to an adult film star.	Public court record

4. Illegal Attacks on Iran: Assassination of Soleimani & Minab School Massacre

Fact	Source
Soleimani assassination: On January 3, 2020, Trump ordered a drone strike that killed Iranian General Qasem Soleimani. Iran and Iraq both issued arrest warrants, calling him the “culprit.”	International news
Trump claimed Soleimani planned to “blow up the U.S. embassy,” but then-Secretary of State Pompeo admitted intelligence agencies did not know the time or place of any attack.	Congressional testimony
Minab school massacre: On February 28, 2026, a U.S.-Israeli airstrike hit a girls’ elementary school in Minab, southern Iran, killing at least 165-206 students and teachers, most of them girls.	Human rights reports
Trump first tried to blame Iran, then admitted “bad intelligence,” but still denies the U.S. bombed the school.	Public statements
U.S. Tomahawk missiles were used – one of the worst civilian casualty events in decades of U.S. conflict.	Military reports

Conclusion: Without congressional authorization, Trump assassinated a foreign general, started a war, killed over a hundred girls with missiles, then lied to shift blame – he is not only a war criminal, but a child killer.

Trump traveled at least 4 times with Epstein’s former girlfriend, Ghislaine Maxwell.	Flight logs

In his second term (through early 2026), the debt increased by another $2.25 trillion, with long-term projections showing an additional $12.8 trillion by 2034.	CBO, Treasury

Conclusion: Trump is the poster child for fiscal suicide. He cuts taxes for the rich, borrows wildly, and leaves the bill to future generations.

II. Congressional Inaction: They Are Not Innocent Bystanders – They Are Accomplices

What did Congress do while Trump committed these crimes?

Fact	Source
Impeachment failed: In December 2025, the House voted 237-140 to table an impeachment motion against Trump.	House vote record
Many Democrats argued "impeachment should not be used as a political tool," while Republicans uniformly protected Trump.	Congressional record
Congress has never taken any substantive action against Trump for his war crimes, genocide complicity, Epstein ties, debt explosion, or any other offense.	Composite of all facts above

Conclusion: Congress is Trump's rubber stamp and protective shield. They know his crimes, but they do nothing. They are not "powerless" – they are **unwilling**.

III. Why No One Should Listen to a Single Word Trump Says

Reason	Evidence
He is a convicted felon.	34 felonies, first in history
20% of his words are lies.	30,573 documented falsehoods
He cheated on his wife and paid hush money.	Adultery, 34 felony convictions
He killed a foreign general and over a hundred girls without authorization.	Soleimani assassination, Minab school massacre
He is an accomplice to genocide.	Funding Israel's war in Gaza
He was close friends with Epstein.	Flight logs, at least 8 flights
He is an asset of Israel, not president of the United States.	Israel Prize, Adelson billions
He destroyed the U.S. fiscally.	+$8.3T first term, +$4.1T second term

When a man is a convicted felon, serial liar, war criminal, genocide accomplice, Epstein associate, Israeli agent, and fiscal arsonist – why would you listen to a single word he says?

IV. The Latest Lie: "Cutting Off Trade with Spain"

Trump recently threatened "punitive tariffs" on Spain, claiming Spain "refused to raise defense spending to 5% of GDP." This is a classic Trump lie: NATO has no requirement for members to raise defense spending to 5% (the target is 2%). He invented a number, then used it to threaten an ally. Spain's foreign minister flatly rejected the claim.

Conclusion: This is yet another lie invented by Trump to distract from his domestic failures.

V. The Silence of Congress and His Family

Why is Congress silent? Because most members of Congress are themselves captured by AIPAC and other Israeli-linked interests. They do not impeach Trump because Trump is innocent – they do not impeach because impeaching him would expose their own corruption. They are accomplices, not bystanders.

Why is his family silent? Because Ivanka, Donald Trump Jr., and the others profit from the Trump Organization, Adelson money, and Israeli interests – just like Trump. They are not "unaware" victims. They are complicit beneficiaries.

Final Verdict

Donald Trump is a **convicted 34-count felon**. He is a **war criminal** (Minab 165+ child deaths). He is an **accomplice to genocide** (Gaza). He is a **close associate of Epstein** (8 flight logs). He is an **asset of Israel** (Israel Prize, Adelson billions). He is a **fiscal arsonist** (+$8.3T + $4.1T debt).

Every word he speaks is a lie. Every policy he enacts is a crime. Every ally he has is corrupt.

Congress did not stop him because Congress is his accomplice.

No one on earth should listen to Donald Trump. His grave should be spat upon. His family knows everything and says nothing – because they are complicit too.

Prison is mandatory. Doors are off.
